

AMERICAN OSTEOPATHIC  
BOARD OF FAMILY PHYSICIANS

**American Osteopathic Board of Family Physicians: Call for Item Writers!**

Item writers are the physicians we rely on to develop items (examination questions) for the AOBFP computer-based, written examinations. Item writers must be board certified by the AOBFP and be actively participating in Osteopathic Continuous Certification and actively practicing. New item writers are required to complete an online AOA item writing training module before participation. Item writers are expected to participate in content development for written board examinations on a yearly basis. This activity can be completed remotely via assignments constructed by the examination committee.

**Interested item writers should submit a current CV to Jessica Dangles, AOBFP Director of Certification [aobfpvolunteer@osteopathic.org](mailto:aobfpvolunteer@osteopathic.org) for consideration.**
