

## **Continuous Osteopathic Learning Assessment (COLA) Content**

The content for the COLA's are based upon the AOBEM's Table of Specificity for Certification / Re-Certification examinations. Each year, a COLA module will be offered that contains components of the core content. The COLA modules and the core content that they cover are listed below in a repeating eight-year cycle. Further references and areas of study will be provided by the AOBEM on the website.
