Candidate Testimonials OMT Performance Exam

I'm happy to be certified and be able to continue to utilize the skills I've been refining for the past seven years of training. I know my patients will continue to benefit from the osteopathic care they're being provided with OMT and OPP. —Athena C. From Oklahoma

The OMT exam allowed me to demonstrate and become board certified in a skill set I use to treat my patients. Being able to take it during ACOFP, which I was already attending, made it even easier! —Mildred R. from Pennsylvania

OMT is central to our osteopathic identity. I strongly encourage that every DO certify in OMT. The exam was straightforward and a very pleasant experience! —Jordan W. from North Carolina

Really appreciated the excitement and energy brought by the examiners. Had a great time during the exam. Felt inspired to continue to perform OMT. —Yusuf A. from Wisconsin

In osteopathic medical school, the course you spend the most time on is osteopathic skills and clinical medicine ... so why would you not want to let the world know you "DO" have an extra tool on your tool belt to help provide them the best well-rounded care? —Nicole F. from Virginia

The OMT exam was a well-organized and appropriate entry into ambassadorship of one of the fundamental tools of an osteopathic physician. —Allon G. From Oklahoma

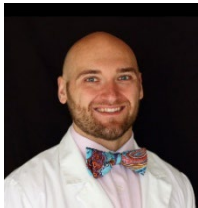

AMERICAN OSTEOPATHIC BOARD OF FAMILY PHYSICIANS

It is an honor to be able to call myself a family medicine doctor who is also board certified in OMT. OMT is a powerful extension of our healing abilities as physicians and should be something we continue to incorporate and celebrate in our profession. —Stephany E. from Massachusetts

The exam is a culmination of my osteopathic training. It was professional but not stressful due to my emphasis on OMT during the last seven years of training. —Ethan L. from Oklahoma

As with any test I had a degree of nervousness, but the amount of information given about the exam and the communication from the AOBFP regarding the test and any questions helped greatly reduce any anxiety about the test itself or the process so I could focus on just reviewing OMT. —Joshua A. from Virginia

The OMT exam was clear and straightforward. They were accommodating and professional. —Hannah H. from Colorado

Having the opportunity to demonstrate the skills that I have acquired throughout my osteopathic education helped me to feel confident that I am adequately prepared to deliver the best care to my patients. —Jasmine J. from Virginia

The OMT certification gave me the confidence to trust in my OMT skills that I can use for my patients. It will also help put my patients at ease that they're receiving treatment that has been vetted. —Aasim S. from Ohio

It was a very well-organized exam. The focus was on the fundamentals of OMT and how it can be used as a tool to help our patient's discomfort. —Rocio T. from New York

Quick process—and free through the ACOFP EEIC grant—to prove to the community you serve that you are certified to perform OMT. I highly recommend it to anyone interested in proving their osteopathic skills!

—Janani N. from Michigan

Clear instructions, respectful of our time, and a seamless testing process representative of our training. I wouldn't hesitate to recommend this certification process. So glad I got certified and that an otherwise scary process was so straightforward! **—Hayley H. From Illinois**
